MISSOULA NOTES.

John J. Oliver was among the business men who came in on No. 1 to-day.

H. F. Ruger came over from Helena to-day and is registered at the Florence.

Captain Wilson left this afternoon for St. Paul, where he will remain on court martial duty for some time.

"Hard Times" Fox left this morning for the Copper Cliff district, where he will remain for some weeks.

Warren Shopp and Mrs. Shopp have gone to join Fred Merrill and wife in their camp on the Clearwater.

The residence of J. W. Greenough is in quarantine on account of a light case of scarlet fever in the family.

George H. Babcock came down from Quigley last night and left for Helena on the delayed train from the West.

Canby Morrison, with Mrs. Morrison and daughter, have left for the Springs, where they will remain for a week or more.

Frank Conley has improved sufficiently to be able to leave his room at the hospital and will come down town in a day or two.

George Beckwith has returned from his trip to the Lou Lou Springs. He is much pleased with the place and says it is the only spot to spend a vacation in.

W. A. Simons has purchased the stock of the Missoula Drug company and will move it from the present stand to the large corner store in the Hammond building.

All of the saw mills in Western Montana will shut down Saturday night and remain closed till Tuesday noon, to enable all who desire to attend the Labor day celebration in Missoula on Monday.

Tyler B. Thompson and Tyler Worden, who have been camping in the Lou Lou for some time, are expected home to-morrow or next day, having secured proper means of transportation from the Springs to the city.

The racing men of the Fort have accepted the challenge of the second team of the Cycle club, and there will be a hot relay race at Athletic Park next Sunday. The teams are said to be well matched and a good race is assured.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and it therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Hall's Family Pills are the best.

Sold by Druggists, 75c.

MISS SMITH INNOCENT

Hell Gate Jury Returns a Verdict of Not Guilty.

ALL WERE BALD HEADED

The Jury Was Unanimous and Only One Ballot Was Taken—The Fair Defendant Released—She Will Return to Butte, Where She Has Work.

Missoula, Sept. 2.—The jury in the case of Lulu Smith, tried this afternoon before his honor, N. J. Myers, justice of the peace in and for the township of Hell Gate, in the county of Missoula, reached a verdict just after dinner-time this evening and Sheriff McLaughlin has lost his star boarder. The jury's verdict was that the pretty girl was not guilty of the crime of larceny, and she was acquitted. The case was called according to the agreement reached the other day with Judge Myers, and the defendant was represented by J. M. Dixon and C. H. Hall, the state's side of the case being taken care of by County Attorney Duncan.

The defendant, through her attorneys, demanded a jury trial and Constable Logan was told to get a jury. He got one as soon as he could and, after some had been excused, the six good citizens and true ones whom devolved the responsibility of determining the fate of the fair Lulu, were T. T. McLeod, R. S. Mentrum, H. M. Pierce, J. T. Sawhill, Michael Flynn, James Cowley, all married and all bald headed. The facts in the case were presented by the two sides, substantially as they have been stated in these dispatches, and then the arguments began. Messrs. Dixon and Hall made eloquent and tearful pleas for their client, and Major Duncan was inexorable justice personified.

The jurors' hearts were soft and they could not see any sense in imprisoning such a fair young thing for taking a few minor articles especially as she had already spent four days in the custody of the sheriff. They retired and took one ballot, then they reported their verdict and the county attorney asked to have the jury polled. It was unanimous and the jurors were excused from further duty. They went home to their late dinners with the consciousness of a duty to their country well performed.

The fair defendant was then released from the custody of the sheriff and was free to go where she pleased. Without a friend in the city and with no funds, she gladly accepted the offer of the sheriff of a place to stay till she can get back to Butte, where she has a place to work. She will probably leave to-morrow night, as there will be some arrangements made to provide her with a ticket. This evening, after the trial, Miss Smith called at the Standard office and asked that her thanks be extended to all of the people in Missoula who have been so kind to her during her enforced visit here. She says that she is very grateful to them all; still, she cannot see why it is that so much fuss was made over such a little affair.

J. W. Baggett of Oak Grove, Fla., had an attack of the measles, nearly three years ago, and the disease left him with very severe pains in the chest. "I thought I would die," he writes; "but to my great joy, I was saved by Chamberlain's Pain Balm." Pains in the chest nearly always indicate the approach of pneumonia, and by promptly applying this liniment on a flannel cloth, which should be bound on the chest, an attack of pneumonia may be prevented. It is always prompt and effectual. For sale at 25 and 50 cents per bottle by druggists.

BUILDING IN MISSOULA.

There is no cessation in activity—much work in progress.

Missoula, Sept. 2.—There is no cessation in building activity in Missoula, and there has been no time since the memorable boom that there has been so much work of this character in progress. The lumber of the Allen and Dixon block is now being delivered and the foundation is receiving the finishing touches to-day. This block will be one of the best on Higgins avenue when it is finished, and it is stated that all of the store rooms in it have been rented for a term of years, to be occupied as soon as the structure is ready.

On the Yerrick block the work is being rushed as fast as possible and the first store on the south end, to be occupied by the Golden Rule store, is now receiving the fixtures and furniture. The next store that will be occupied by Mr. Yerrick himself, is well along and the other two rooms are in the hands of the carpenters. The masonry on the north end is completed next week and then there will be no delay in the finishing of the entire building.

The first of these stores is to be occupied by John L. McBride as a hardware store and the corner room is now being negotiated for by a new business man.

As soon as possible L. N. Simons will commence the construction of a business block above the Gibson building, on Higgins avenue, which he will occupy in part himself. It is reported, and partially confirmed by F. G. Higgins, that negotiations are nearly completed for the purchase of the corner lots in the block where the Allen-Dixon building is being built. It is understood that if these negotiations are carried through, as they bid fair to be, there will be another building erected on this block, which will complete the line to the corner of Cedar street. William Noll is getting ready for the construction of the superstructure of his building, the foundation having been ready for some time.

As the ingredients of Hall's Hair Renewer are mixed with the best glycerine, unshaken, it makes the finest dressing for the hair, and keeps it soft and of even hue.

Work of Re-planking.

Missoula, Sept. 2.—The work of re-planking the bridge has begun but, contrary to expectations, the plank will cover only that part of the bridge where the street railway forges had its tracks. This is a disappointment to those who are obliged to travel across the bridge as the rest of the deck is sadly in need of new plank, the present ones being worn through in many places. The plank laid across the bridge were laid in 1894 and have certainly done good service. It is unfortunate that the city has not decided to plank the whole bridge.

AT ARLEE.

A Reception Will be Given in Honor of Mr. and Mrs. Carrier.

Missoula, Sept. 2.—Mr. and Mrs. Eugene Carrier, whose wedding was announced in the Standard this morning, left this afternoon on the westbound train for Arlee, where there will be a reception in their honor, tendered by Alex Dow. They were accompanied by a large number of friends and the party this evening bade fair to be a brilliant one. The reception, last evening after the wedding at the residence of the mother of the bride was a pleasant affair.

Those present were: Mr. and Mrs. P. Z. Prince, Mrs. Thurston, Misses Marion, Bedard, Cyr, Christian, A. Stephens, E. Stephens, Spooner, Messrs. Curran, McLaughlin, H. H. Thibault, Foster, Spooner, Violette, Gauthier, Jenkins, Thurston, Richard, Hayes, Christian and Boulger.

Among the gifts which were left for the happy couple were: Dining room set, Mr. and Mrs. Spooner; tea set, L. Richard and Miss Bedard; water pitcher, Mr. and Mrs. Thibault; fruit dish, John Hayes; cake basket, Mr. and Mrs. McLaughlin; tray, Mr. and Mrs. Foster; fruit set, Mr. and Mrs. Curran; lamp, Willie and Annie Marion; napkins, Miss Christian; card basket, Mr. and Mrs. Deschamps; napkins and silver teapot and sugar bowl, Mr. and Mrs. Huffer; knives and forks, Mr. and Mrs. Clifford; butter knife and fruit knife, Mr. and Mrs. Prince; picture frame, Miss Stephens; rug, Mr. Greenier; table cover, Messrs. Violette and Gauthier; salt and butter dishes, Mrs. Murphy and Miss Cyr; pillow and bureau covers, Miss Cyr.

WILL WAIT TILL SPRING.

Nothing But Letter Mail Will be Taken to the Klondyke.

Missoula, Sept. 2.—Postmaster Dowell says that there are still many newspapers being mailed from here to the Klondyke country despite the fact that the postoffice department has announced that nothing but letter mail will be delivered this winter. He says that this paper mail will all wait at the coast till spring and that there is little or no use for people to try to send it at present. The only way in which newspaper clippings can be sent is to put them out and send them in envelopes as letters.

Ladies of Macabees.

Missoula, Sept. 2.—At a meeting of the Ladies of the Macabees held at their hall last night, Mrs. Newton Hyde was appointed mistress-at-arms and Mrs. Bertha Wheeler, with a made finance keeper, vice Mrs. Lizzie Mitchell, resigned. Mrs. Jennie Feighner was installing officer.

Gray's Laxative Pellets cure Constipation. Style is termed "cut" in clothes, and "shape" in hats. The Gordon Hat is "shapely."

Three Children Kidnaped.

Delphos, Ohio, Sept. 1.—Elgin, Van Wert county, is greatly stirred over the kidnaping of three children by their mother. At the last term of court George Prince was granted a divorce from his wife, Mary Prince, and given the custody of their three small children. Yesterday Mrs. Prince, through motherly love for her blood, went to Elgin and got possession of the youngsters and left. She was headed off at Spencerville and arrested and in court she pleaded guilty to the charge preferred against her and in default of bond, which was \$500, she was sent to jail.

Too Much Dancing.

Pittsburg, Sept. 1.—Miss Mary Johnston, aged 17 years, died at her parents' home, 1455 Williams street, Milvale, this afternoon. Excessive dancing is thought to have caused her demise. Last Monday she attended a dance, and on Thursday she attended a dance. On both occasions she tripped the light fantastic. About 2 o'clock yesterday afternoon she became ill and at 3 o'clock she died. An investigation disclosed that death had taken place from the effects of a hemorrhage said to have been superinduced by dancing.

Will Not Join.

Chicago, Sept. 1.—The Southern Pacific has announced that it will not be a party to the reduced rates to San Francisco for the meeting of the letter carriers, and will insist upon its full proportion of the rates west of the Missouri river. The lines of the Western Passenger Association which have made low rates for the line are now in rather an unpleasant situation, as they will be compelled to stand the reduction and they can hardly do this and carry the business at a profit.

Offered No Resistance.

Cripple Creek, Colo., Sept. 1.—Five armed and masked men stole ten sacks of high grade silvian ore, valued at \$10,000, from the shaft house of the Orphan Belt mine at 2 o'clock this morning. There were four men on watch at the shaft house, but they were taken by surprise and threw up their hands when ordered to do so, offering no resistance.

Increased Price of Lumber.

Minneapolis, Sept. 1.—There is to be a marked advance in the price of white pine lumber as a result of the advance in agricultural products. The list committee of the Mississippi Lumbermen's Association met to-day to agree on an advance to take effect next week.

Boston Shoe Firm Fails.

Boston, Sept. 1.—The suspension of the Parker-Sampson-Adams company of this city is announced. The company did a large wholesale boot and shoe business. The last statement showed cash accounts of \$306,225 and bills payable of \$274,651.

Fun in the Sunny South.

From the Cleveland Plain Dealer. "I should think your brother would find it dull in Georgia."

"Not at all. He writes me that they have had three lynchings since he went there, and if they can catch another subject they'll have a double one Saturday night."

Effective Plea.

From the Chicago Tribune. "Oh, my friends," exclaimed the walking delegate, who had turned evangelist, "let me entreat you to shun the raging fires of hell. There isn't a pound of honest union-made brimstone in Satan's entire kingdom."

Technical Method.

"What is meant by the phrase 'writing under pressure'?" "I don't know, unless some authors work with their wives sitting in their laps."

THE GLOBE PATENT LEGAL WRAPPERS

A newly invented legal wrapper, which, without doubt, excels anything of the kind ever offered, and commends itself to instant favor. The principle of the invention is well illustrated in the above cuts. It will be noticed that when the flap is sealed down the metal fastenings are completely protected and hidden from view, neither the hole, nor point showing, and that it cannot possibly be undone without mutilation. Each wrapper has the necessary pair of fasteners attached and made a part of it, thus obviating much annoyance and expense. Size, 8 1/2 x 14 inches, colors buff and blue, price \$3.00 per 100; 50c. per doz.
